

2012 Model Service Delivery Options Sites for Gifted and Talented Children

The Kentucky Advisory Council for Gifted and Talented Education is pleased to designate *Model Service Delivery Options Sites* in Kentucky. These model service delivery options demonstrate outstanding and innovative practices for providing appropriate educational services for gifted and talented children. The designation as a model service delivery option was based on the goals, overall planning, instructional strategies, student outcomes, procedures for assessing and evaluating, and building/district/parent supports.

See <http://kagegifted.org/advisory-council/model-service-delivery-options/> for the list of the 2011-2012 *Model Service Delivery Options for Gifted and Talented Children* and the 2012-2013 application with the guiding questions and rubric.

Deadline for the 2012-2013 application is November 15, 2012.
